

Flat bars

— Surface refined

Maximum profile length*

6,000mm

material

AlMgSi0.5 F22 (EN AW 6060 T 66)

Available surfaces**

Bright chrome plated
Stainless steel colored anodized
Natural color anodized (E6EV1)

Other surfaces on request.

Hints

*) Due to manufacturing reasons, it is possible that there may be slight deviations with the maximum length of 6,000 mm.

***) Due to production reasons, it is possible that there is no surface coating on the contact surfaces at the ends of the profiles (up to 80 mm)
